

Five Guys

HITACHI

NEW RESTAURANT OPENING

World-famous burger chain Five Guys chose Hitachi Cooling & Heating to ensure comfort at their third location opening in Australia.

SIDESMART™ MEETS SMALL SPACE CHALLENGE

Our slim modular SideSmart units perfectly fitted in the only and narrow space available at the loading dock.

STYLE & RELIABILITY

Hitachi VRF made a great match to Five Guys' esthetic and safety requirements:

- Silent-Iconic cassette was installed in the open kitchen, blending in with the restaurant's interior design style
- Cloud-based airCloud Pro provides 24/7 remote access to the controls and error notifications
- The Central Station mini was interlocked with the restaurant's fire alarm to improve safety.

TOTAL CAPACITY: 45,8 KW

Contractors: Climafreeze and GSR
