### SPACE GAIN RETROFIT PROJECT

Before, a water-source chiller was installed indoor. Replacing it with Hitachi VRF enabled to place the outdoor unit outside and gain space and reduce indoor noise.

### MINIMAL RETROFIT WORKS

With static pressure up to 220Pa, 5x Hitachi concealed ducted units could easily fit in the existing piping installation.

### FRESH AIR AT THE RIGHT TEMPERATURE

4x Hitachi KPI units efficiently adjust the temperature of the incoming fresh air, by recovering heat from the exhaust air.

**TOTAL CAPACITY:** 140 kW
