## CRITICAL 24/7 TEMPERATURE CONTROL

Pharmacies require precise thermal control, not only for customer and staff comfort but to preserve product integrity. When certain medications are exposed to high temperatures they can degrade.

## SILENT-ICONIC FOR BETTER INTERIOR

2x award-winning Silent-Iconic cassette panels were installed in the walk-in space. 2 other ducted units are installed in the staff-only areas. Utopia Prime outdoor units efficiently cool and heat the pharmacy.

**TOTAL CAPACITY:** 12 HP
